**Intelligent controller for
state-of-the-art mixing technology**

NEW!

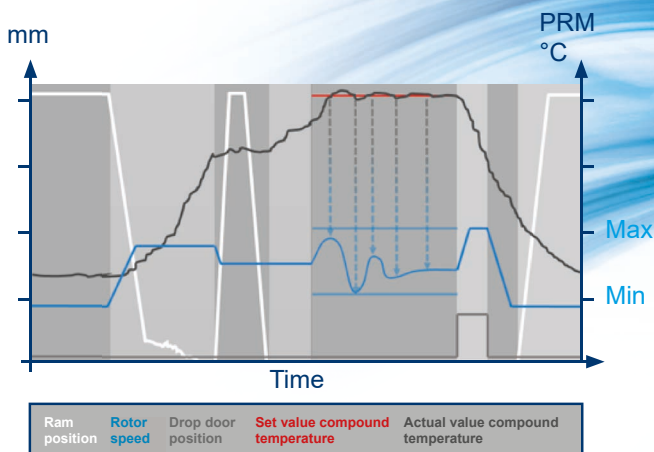

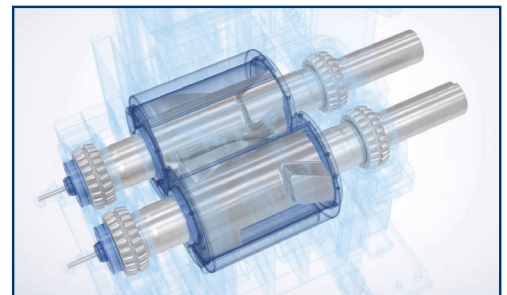

ADVISE® ES process controller –
Constant batch temperature controller

ADVISE® ES process controller – Constant batch temperature controller

The digital constant batch temperature controller based on ADVISE® ES software

Opportunity to mix for an extended time at a constant batch temperature

- ⊕ Easy configuration of constant batch temperature controller in the ADVISE® ES software
- ⊕ Constant batch temperature by varying of rotor speed
- ⊕ Possible process optimisation
- ⊕ Avoiding unintentional crossing of temperature limits during the automatic process
- ⊕ Controlled silanisation at constant temperature over an extended period of time or transition
- ⊕ Simplified mixing of accelerator and cross-linking chemicals at controlled temperature
- ⊕ Prevention of scrap compound
